

Clovis Adult Education
Website Development Course
PHP Lecture Schedule

Lectures given every Monday with Wednesday scheduled as a lab period. Lectures start promptly at 6:15pm. If a student misses a lecture, they are expected to catch up on their own prior to the next lecture. At the end of this class the student will be awarded a certificate certifying that they have attained the level of **Level II Website Developer**. Upon successfully completing the assessment, students receive a certificate for **Master I Website Developer**.
